

TODAY

NEAL WANER returns to the podium to preside over **Prez ALLAN's** demotion festivities. **NEAL's** fans hope that he won't jettison the talkative "Coach Cooter" character for a facsimile of the Los Angeles Dodger's "thought wave beaming" Vladimir Spunt.

LAST WEEK

Barbara Wormser shared the success story of Inland Harvest from its humble beginnings in the early 1990's. The territory served and growth in pounds of food collected and delivered is staggering. An insight gleaned from the program is why you'll never see **LARRY WORMSER** eating a frozen pizza. The Club was spared a visit by a Kiwanian Wormser since that individual was busy taking pictures at **ZACK TUCKER's** and **JIM HOLMES'** fundraiser.

NEXT WEEK

In keeping with the ushering in of a new regime, next week's program is a mystery. It is safe to say that **PAM HUSTON** will preside, there will be a cacophony of spinning plates and there will not be announcements on discontinuing the celery tapas and the availability of TARP monies for the financing of fines.

ANNOUNCEMENTS

We are even closer towards completing a successful Polio Plus campaign for our Rotary Foundation so if you haven't pledged or contributed, please consider a gift so that the Club can reach its goal of \$10,000. Gifts are recognized as a contribution toward your Paul Harris Fellow award so in addition to helping eradicate polio, you also earn undying gratitude from **ED MALESKY** and **DOUG McADAM**.

MEMBER MUSINGS

Add **McADAM**: That was not a picture of **DOUG** in recent editions of the Facts and Sun showing an adult clad in board shorts surfing in the wave pool at **JIM BRASWELL's** recently reopened water park.

On June 9th Highland resident and Council member **ROSS JONES** was not seen dejectedly peeling off the 50 "Yes on O" stickers he had affixed to his car.

If **Prez ALLAN** is behind on fines and **JEFF MARTINEZ** is in attendance, **Prez ALLAN** should consider asking **JEFF** for \$25 for every student enrolled or to be enrolled at the University of Redlands who is the scion of a SCIAC athletic director.

BIRTHDAYS

Saludos to these aging Noon Rotarians:

BETTY AUTON-BECK	13 th
JIM BELOTE	11 th
RON BURGESS	4 th
AMANDA CARNEY	24 th
DOUG McADAM	2 nd
PAT MEYER	25 th
JERRY MIHL	22 nd
JIM ZIEMER	24 th

ALLAN'S AVENUE

I was told by several past presidents, and others, that my year would go quickly and that at the end I would feel both relief and sadness - I am finding that to be very true. I assume that every one that takes this role has some vision not only what the year may be like, but that he/she hopes to guide the organization in some new and rewarding path, of course without jeopardizing the contributions and traditions of the past. As many of you are aware, I had such a vision, which had been firmly planted in my consciousness by my exposure to Rotary's international goals and accomplishments at RI Conventions. In this past year, I hope I have been able to bring attention to these issues with some effectiveness and that you as a club have perhaps a renewed interest and realization of this phase of Rotary's mission. In this regard, I wish to thank each of you for your patience and understanding of my concerns for this perhaps more cosmopolitan vision of our organization. Naturally, I hope that each of you share at least some compassion for this vision, and will in the future continue to be sympathetic to this ever growing world wide concern. As noted, one way to better understand these problems is to attend district and international meetings so that you can hear about these problems from those directly involved in their solution. In the years ahead, I urge you all to give these international issues your continued attention and consideration. Rotary does make a major difference in the world, and our Club is very capable of being a real factor in that process.
