

TODAY

Silliness and skits will mark the end of **Prez NEAL**'s reign of terror. Action has been fast and furious in the pool on which Rotarian will be playing **NEAL**'s "Cooter" character.

LAST WEEK

The best programs are often given by Rotarians and last week was no exception when **ROSS JONES** gave a talk on the City of Highland. **ROSS** traced the City's beginnings, talked about the City's prudent "pay as you go" fiscal policy, the advantages of being a contract services entity and some projects on which the City is embarking.

NEXT WEEK

Rotary's own Clanging Plate Chorus will serenade **Prez ALLAN**'s first meeting.

MEMBER MISCELLANAE

If **STEVE GUGGISBERG** is all smiles it is because he has just finished his term on the City's Park Commission. **DON McCUE** on the other hand will never term out on the City's Historic & Scenic Preservation Commission. **DON** is the only permanent member and that has led some to mutter about Idi Amin and "President for Life".

Hopefully **CINDY ANDREWS** will benefit from the frequent flier miles that husband **DICK** is racking up with this month's trip to Geneva. **CAROLE BESWICK**, on the other hand, probably used her frequent flier miles for her recent jaunt to Hawaii.

RAY ROBINSON and **LARRY WORMSER** have been going to the Tartan restaurant for so long that they can remember when tomatoes weren't served and kids weren't allowed (tomatoes are now a staple but don't ask for milk).

Good news/bad news: The bad news was that **FLORIN ROMINU**'s AYSO BU10 team didn't walk away with a first place trophy at the recent Citrus Classic. The good news was that **FLORIN**'s team was the only Redlands BU10 team to medal.

There is no truth to the rumor that **SCOTT SHOWLER** wheeled his airplane in the dead of night out of his month-to-month hangar and into Shahvand Aryana's rent-free hangar.

THE PRESIDENT'S CORNER

My last Presidents Corner. Wow, what a year, on many fronts for many individuals. This is a most unique club, a fine club, with some truly exceptional people. I would encourage all members to consider a leadership position in our club including serving as President. However, if considering that position I should offer a few caveats.

If you have school age children, you might want to pass for a few years as this position involves a lot more tasks than you might think which can pull you away from family time. If you own a small business, be careful, because as President of this club you must deal with IT, and IT probably has to be dealt with right now. If you assist other volunteer organizations, that's fine, but don't take on intensive tasks like running an education foundation in another town. If you are in office, wait until you are out, because it can get awkward at the podium.

However, if you are too darn stupid to ignore all these warnings, then be President of this club, our club, the Rotary club of Redlands. Only in our club will the members understand, be sympathetic and supportive, and you'll have a great experience in spite of yourself.

It has been my honor to serve. **ALLAN**, we're all yours!

MORE MEMBER MISCELLANAE

There also is no truth to the rumor that **ALLAN GRIESEMER** has been consulting with **LARRY BURGESS** about setting up a joint powers authority agreement with the Club's foundation to help offset the meals deficit and keep the peanut buttered celery on the table.
