

TODAY

ALISON ROELL, USTA representative will present a program on Tennis. Perhaps ace line judge **DICK ROMO** will ask some pertinent questions.

LAST WEEK

Club Assembly. **KEN STEIN** presented the proposed by-laws modifications. The majority of which were necessary to bring the club into conformity with Rotary International.

President NEAL's made us feel we were watching a tennis match with his back and forth good news, bad news. Basically, he didn't run a deficit, but we gave, as a club, less than budgeted for youth scholarships to make ends meet. Future efforts to cut expenses include cutting meal expense to \$12.50 per and giving out fewer complimentary meals. The finance committee is looking into the mechanisms used to allocate funds between the club fund and the foundation fund. **PAT MEYER** quipped that it sounded like Prop 1A to him. **NEAL** finished with an appeal for club members to remember the club in their planned giving.

RAY (camp song dude) **WATTS** presented methods for identifying, cultivating, initiating, and retaining members. He also reminded members that any new initiate you sponsor, should be mentored for his/her first year.

NEXT WEEK

Although there have been a multitude of requests for **RAY WATTS** to lead the club in singing every camp song **RAY** knows, and a request from **SHAVAND ARYANA** to present "Why Raves are Good for Redlands", we will actually have a field trip and tour of the new Citrus Valley High School. Brown-bag lunches will be provided.

ANNOUNCEMENTS

May 30 - District Assembly at Harvard on the Hill (AKA Crafton Hills College). PDG Fred Ford promises absolutely riveting speakers.

June 25 - Demotion party, where we celebrate the reassignment of duties for current **Club President NEAL WANER**. The countdown continues - only four more weeks of ennui until the excitement that is **ALLAN GRIESEMER**.

THE PRESIDENT'S CORNER

Just a reminder, our next club meeting June 4th will be held at Citrus Valley High School, Redlands Unified School District's newest comprehensive high school. CVHS will welcome its first students, 9th and 10th graders, this coming August. The bad news was due to delays and increasing construction costs, it took two school bonds to complete this \$160 million project. The good news is that it is a first class, 21st century high school, ready for the best and brightest students at RUSD and ready to meet the expectations of the parents of the communities it will serve. As we will all see, it is both technologically advanced and environmentally friendly. Better yet, CVHS has an outstanding principal, Bernie Cavanagh who will, in time, make CVHS equal to Redlands High School and Redlands East Valley High School.

The school is located in North Redlands at 800 West Pioneer Avenue, at the corner of Pioneer and Texas. To get there, take the crosstown freeway heading north toward Highland, take the San Bernardino exit going east, the school is a few blocks to the north. **RALPH FELLER** will distribute maps via email, and a box lunch will be provided.

Neal Waner

MORE ANNOUNCEMENTS

June 26 - Noon Rotary will be the Redlands Bowl attendees that evening. The San Bernardino Symphony will be accompanied by singer Rita Coolidge, with a program entitled "Love and Tribute". Twenty Noon Rotarians are needed to usher and pass the collection bowls for the RCMA.

Anyone interested in the activities at either RHS or REV can visit their web sites: rhs.redlandsusd.net, or rev.redlandsusd.net, respectively

MISCELLANEOUS

It was heard on the street that **DOUG PEW** strained his back and nearly herniated himself when wife **LINDA** asked him to help her "just rearrange a few things" in her studio.

Someone up at RCC insisted that the last time he saw **PAT HOAG** playing golf with **RALPH FELLER**, **PAT** was wearing a hard hat.

JIM (Big Daddy) HOLMES was seen drag racing RCH courtesy shuttles with one of the hospital orderlies through the parking lot early one morning, so your editor was told.
