

## TODAY

**LARRY PYLE** will don his Redlands Chamber of Commerce President hat and give a program on “Flex Your Power”. While Jennifer Dobbs of the Redlands Daily Facts is a fellow Chamber board member, **LARRY** hasn’t gotten the starry-eyed coverage in the Facts that **LARRY BURGESS** has...

## LAST WEEK

King **ALLAN** accompanied by Queen Nancy ushered in his reign amid fanfare and plate clattering. Director **DELLITA KOBOLD** talked about the goals of International Service and introduced the new Youth Exchange Committee. Director **KATHY JOHNSON** discussed the goals of Community Service I and noted that **CHRIS WALKER** was chairing Rotoract instead of **CHERYL RIGGS**. Director **BILL HATFIELD** talked about the goals of Foundation/Administration (formerly Ways & Means) including a new focus on the Redlands Foundation and the increased pressure on success of fundraising to keep scholarships close to past levels. King **ALLAN** closed with the plea that we put our best foot forward on International and that support of the service club coalition continue.

## NEXT WEEK

Programs given by Rotarians will continue when **LYNDA SCHAUF** takes the podium to talk about her recent trip to Africa (hopefully **LYNDA’s** flight was less eventful than the one recounted by **DAVE MAUPIN**).

## MEMBER MISCELLANAE

Add **BURGESS**: Paroemiologist **LARRY’S** favorite Chinese proverb is “After three days without reading, talk becomes flavorless”.

Former Noon Rotary Treasurer and honorary member **DALE VENTRES** shows there is life after Rotary with his continued involvement in the North American Fellowship of YMCA

Retirees (“NAFTYR”). **DALE** heads NAFTYR’s Emergency Assistance Fund and was instrumental in 2009 of raising \$291,000 in contributions for the fund. Despite the success, **DALE** isn’t quite ready to start giving lessons to **FORREST HOWE**, **JIM PINDER**, **ZACK TUCKER** and **RAY WATTS**.

Add fundraising: Backed by Big Papa and The TCB blues band, **MARTHA GREEN** was once again the auctioneer extraordinaire at the Redlands Bowl Associates Gala last month. **DENNIS HANSBERGER’s** wife Karen brings them into the world in a place provided by **JIM HOLMES** and services paid for by **DELLITA KOBOLD**. **JIM BELOTE** provided early care before handing them off to **HAROLD HILL** and **JIM WATSON**. **FLORIN ROMINU** and **BRAD ORTON** complete the cycle.

## ALLAN’S AVENUE

I don’t think anyone would disagree that **BILL MCCALMON** puts on certainly one of the “Greatest Shows on Earth” every 4th of July! We were in the stands last night with friends from Ohio, who expressed their feelings that they had never seen a better show - ever. **BILL**, I hope that you will never tire from being a success, and I am sure that this community feels the same way. What was that you said last night, that we all should let our City fathers know of our feelings on the subject of fees? If so, OK Rotarians, discuss this with **BILL** and let your Council members become aware of your feelings on the matter. Let them know how much you value this unique contribution to the character of this extraordinary city, help them to not forget what makes this city extraordinary – the unselfish and relentless contribution of time and talent from its citizens – toward the common good of all. Right!
